Handbook of Research on Technological Developments for Cultural Heritage and eTourism Applications Rodrigues, João M. F. 2017-11-30 Tourism is one of the most rapidly evolving industries of the 21st century. The integration of technological advancements plays a crucial role in the ability for many countries, all over the world, to attract visitors and maintain a distinct edge in a highly competitive market. The Handbook of Research on Technological Developments for Cultural Heritage and eTourism Applications is a pivotal reference source for the latest research findings on the utilization of information and communication technologies in tourism. Featuring extensive coverage on relevant areas such as smart tourism, user interfaces, and social media, this publication is an ideal resource for policy makers, academicians, researchers, advanced-level students, and technology developers seeking current research on new trends in ICT systems and application and tourism.

The Rough Guide to Bolivia James Read 2008-02-04 This thoroughly updated Rough Guide includes significantly more detailed maps and colour photographs than its closest competitor, as well as author picks and new colour sections that beautifully illustrate the countries ancient beliefs and mysticisms and the excellent range of outdoor activities on offer. An updated history section includes the civil disturbances of recent years, giving you a sound context in which to really get a feel for the country. There is expanded coverage on trekking and Isla del Sol, as well as candid reviews of all the best places to stay and eat, from jungle lodges to colonial mansions. With expert knowledge from an author who has a deep understanding of the Bolivian way of life, this book is perfect for those independent travellers who want a far more unique and imaginative trip. Make the most of your time with The Rough Guide to Bolivia.

Routledge Handbook of Transnational Organized Crime Felia Allum 2021-11-09 This fully revised new edition provides a definitive and holistic overview of Transnational Organized Crime (TOC) in a world in which right wing populism has gained ground, trade wars are increasing, climate change is a reality and Covid poses a challenge for years to come. Updated to reflect the changing world environment, the book includes new chapters on issues such as criminal network analysis, environmental crime, cybercrime, people smuggling, drugs activities in the modern world, the relationship between organized crime and corruption, anti-organized crime resilience and the effectiveness of the fight against organized crime. New country case studies have also been included. The handbook is presented in six sections:
• Concepts, theories and laws
• Origins and manifestations
• Contagion and evolution
• Intensity and impact
• Governance
• Reaction and future
Truly interdisciplinary in nature, the handbook features contributions from an international team of experts, working in different academic disciplines and within varied law enforcement agencies. It will appeal to scholars, policymakers and practitioners in International Law, Global Governance, International Political Economy and Security Studies.

Mobil Travel Guide Northwest 2008 Mobil Travel Guides 2008-02-15 Mobil Travel Guides feature in-depth profiles of the best lodgings, restaurants, sights and attractions that each easily drivable region has to offer. Comprehensive and easy to use, each Regional Travel Guide is full of exciting new tours and loaded with maps.

Routledge Handbook of Urban Planning in Africa Carlos Nunes Silva 2019-11-14 This handbook contributes with new evidence and new insights to the on-going debate on the de-colonization of knowledge on urban planning in Africa. African cities grew rapidly since the mid-20th century, in part due to rising rural migration and rapid internal demographic growth that followed the independence in most African countries. This rapid urbanization is commonly seen as a primary cause of the current urban management challenges with which African cities are confronted. This importance given to rapid urbanization prevented the due consideration of other dimensions of the current urban problems, challenges and changes in African cities. The contributions to this handbook explore these other dimensions, looking in particular to the nature and capacity of local self-government and to the role of urban governance and urban planning in the poor urban conditions found in most African cities. It deals with current and contemporary urban challenges and urban policy responses, but also offers an historical overview of local governance and urban policies during the colonial period in the late 19th and 20th centuries, offering ample evidence of common features, and divergent features as well, on a number of facets, from intra-urban racial segregation solutions to the relationships between the colonial power and the natives, to the assimilation policy, as practiced by the French and Portuguese and the Indirect Rule put in place by Britain in some or in part of its colonies. Using innovative approaches to the challenges confronting the governance of African cities, this handbook is an essential read for students and scholars of Urban Africa, urban planning in Africa and African Development.

The Rough Guide to Sri Lanka Rough Guides 2015-11-03 The Rough Guide to Sri Lanka is the most comprehensive and user-friendly guide to exploring this fascinating island country. Each chapter includes thoroughly researched travel information, hotel and restaurant listings, and thoughtful background on the environment, politics, culture, music and history, and a practical language guide ensures you can interact with locals. The full-colour design combines glorious images to whet your appetite with a practical layout and dozens of accessible and accurate maps to guide you from the urban centers to the jungle, beaches and mountains. Make the most of your time with The Rough Guide to Sri Lanka.

The Route 66 Encyclopedia Jim Hinckley 2012-11-15 An encyclopedia with a twist, The Route 66 Encyclopedia presents alphabetical entries on Route 66 history, landmarks, personalities, and culture, from Bobby Troup's anthem "Route 66" to The Grapes of Wrath to the Wigwam Motel, illustrated with over 1,000 old and new, color and black-and-white photos and memorabilia. You'll learn about Jack Rittenhouse and Will Rogers as well as the contributions of lesser-known figures like Arthur Nelson and Angel Delgadillo. With references to the old (including the history of the U Drop Inn Café in Texas) and new (including a section about the recent Cars movie), The Route 66 Encyclopedia provides a sweeping look at a highway that has become more than just a road. These pages cover the history of Route 66 and the people who played a role in its transformation from highway to icon between 1926 and the present, but like the highway itself, this work does not fit within the traditional confines of generalities or terminology. Yes, this is an encyclopedia, a reference book for all things Route 66. However, it is also a time capsule, a travel guide, a history book, a memorial, a testimonial, and a chronicle of almost a century of societal evolution.

Handbook on the Entrepreneurial University Alain Fayolle 2014-01-01 This insightful Handbook offers a lens through which to view entrepreneurship strategy for higher education institutions, as it becomes increasingly necessary for universities to consider changing their strategies, culture and practices to become more entrepreneurial. Is the idea of an entrepreneurial university a myth or a reality? Is the university model capable of adapting to new evolving trends and a more complex professional world? And, what is the impact of entrepreneurship in education? Through extensive research and case studies from some of the leading entrepreneurial thinkers around the world, Alain Fayolle and Dana Redford answer these questions and raise further issues for debate. Particular focus is given to developing university strategy, public policy and start-up support as a means to foster graduate entrepreneurship. Each contribution explores different perspectives related to the entrepreneurial university concept and its role in stimulating economic growth through cooperative relationships with business and government. As a comprehensive study of the entrepreneurial university, this Handbook will prove invaluable to business and entrepreneurship students and academics, as well as university administrators, researchers and others interested in the evolution of the university.

The Rough Guide to Oman Gavin Thomas 2013-10-17 Oman is one of the world's most exciting emerging tourist destinations-offering a genuine taste of old Arabia and an oasis of traditional culture amidst the frantically modernizing Gulf states. The country boasts a string of captivating attractions. Scenically, it's one of the region's most memorable destinations, from the craggy uplands of the Hajar mountains to the spectacular fjords of the Musandam peninsula and the dramatic dunes of the Wahiba Sands. Culturally, the country boasts a variety of absorbing sights, ranging from the traditional souks of Muscat, Nizwa, and Salalah to the atmospheric mudbrick towns and towering forts of the interior. The new Rough Guide to Oman is the first in-depth guide to this fascinating country, complete with detailed coverage of all sights, new state-of-the-art maps, and practical information including comprehensively road-tested information about driving and walking routes both on and off the beaten track. Originally published in print in 2011. Now available in eBook format.

Footprint South American Handbook 2008 Ben Box 2007 Visit the most exciting continent on Earth. Celebrate at the best of the festivals. Swim with sea lions and walk with dinosaurs. International Handbook of Globalization and World Cities Ben Derudder 2012-02-01 This Handbook offers an unrivalled overview of current research into how globalization is affecting the external relations and internal structures of major cities in the world. By treating cities at a global scale, it focuses on the 'stretching' of urban functions beyond specific place locations, without losing sight of the multiple divisions in contemporary world cities. The book firmly bases city networks in their historical context, critically discusses contemporary concepts and key empirical measures, and analyses major issues relating to world city infrastructures, economies, governance and divisions. The variety of urban outcomes in contemporary globalization is explored through detailed case studies. Edited by leading scholars of the Globalization and World Cities (GaWC) Research Network and written by over 60 experts in the field, the Handbook is a unique resource for students, researchers and academics in urban and globalization studies as well as for city professionals in planning and policy.

Political Handbook of the World 2016-2017 Tom Lansford 2017-03-31 Published since 1928, the Political Handbook of the World provides timely, thorough, and accurate political information with more in-depth coverage of current political controversies and political parties than any other reference guide. The updated 2016-2017 Edition continues this legacy as the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Political science and international relations scholars have revised this edition, and made understanding complex foreign affairs and political situations easy and accessible. With more than 200 entries on countries and territories throughout the world, housed in an online place, these volumes are renowned for their extensive coverage of all major and minor political parties and groups in each political system. They also provide names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and United Nations agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including: The closely-watched U.S. presidential election The effect of the Brexit referendum and installment of a new British prime minister The extensive investigation and subsequent impeachment of Brazil's president The far-reaching impact of the "Panama Papers" scandal Changes in U.S.-Cuba diplomatic relations and the reopening of their embassies The unconstitutional declaration of Gambia as an Islamic State Sentiments about the migrant and refugee crisis across Europe and the influence on policy Also, the new "For Further Reference" feature included for every country entry directs readers to additional resources to continue their research.

The Bank Directory 2009

Leahy's Hotel-motel Guide and Travel Atlas of the United States, Canada and Mexico 1979

The Rough Guide to Malaysia, Singapore & Brunei Richard Lim 2015-07-14 The full-colour Rough Guide to Malaysia, Singapore and Brunei is the ultimate guide to these three exciting Southeast Asian destinations, covering all their attractions, from amazing national parks and historic temples to gorgeous beaches and islands. This new, fully updated edition features redrawn and comprehensively updated maps, evocative photography, and itineraries that take in both big sights and less visited spots. There's more detail on museums and galleries in Penang and Singapore and revamped coverage of trekking - including more on the Kelabit Highlands, a popular remote area in Sarawak. There's also plenty of practical information, from budget flights to boutique accommodation, and insider insights on the huge variety of excellent local cuisines the region has to offer. The Rough Guide to Malaysia, Singapore and Brunei will help you get the best out of your trip, whatever your budget.

Portrait of Route 66 T. Lindsay Baker 2016-09-20 By the time Route 66 received its official numerical designation in 1926, picture postcards had become popular travel souvenirs. At the time, these postcards with colorful images served as advertisements for roadside businesses. While cherished by collectors, these postcard depictions do not always reflect reality. They often present instead a view enhanced for promotional purposes. Portrait of Route 66 lets us see for the first time the actual photographs from which the postcards were made, and in describing how the production process worked, introduces us to an extraordinary archival collection, adding new history to this iconic road. The Curt Teich Postcard Archives, held at the Lake County Discovery Museum in Wauconda, Illinois, contains one of the nation's largest collections of Route 66 images, including thousands of job files for postcards produced by Curt Teich and Company of Chicago. T. Lindsay Baker combed these files to choose the best examples of postcards and their accompanying photographs not only to reflect well-known sites along the route but also to demonstrate the relationships between photographs and their resulting postcards. The photographs show the reality of the locations that customers sometimes wanted "improved" for aesthetic purposes in creating the postcards. Such alterations included removing utility poles or automobile traffic and rendering overcast skies partly cloudy. This book will interest historians of art and design as well as the worldwide audiences of Route 66 aficionados and postcard collectors. For its mining of an invaluable and little-known photographic archive and depiction of high-quality photographs that have not been seen before, Portrait of Route 66 will be irresistible to all who are interested in American history and culture.

The Oxford Handbook of Mystical Theology Edward Howells 2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon. It differs not only from psychological and anthropological studies of mysticism, but from other theological studies, such as more practical or pastorally-oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development. It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools, as well as from literary studies of the linguistic tropes and expressive forms in mystical texts. None of these perspectives is absent, but the method here is more deliberately theological, working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms, in order, finally, to permit a critical theological engagement with them for today. Divided into four parts, the first section introduces the approach to mystical theology and offers a historical overview. Part two attends to the concrete context of sources and practices of mystical theology. Part three moves to the fundamental conceptualities of mystical thought. The final section ends with the central contributions of mystical teaching to theology and metaphysics. Students and scholars with a variety of interests will find different pathways through the Handbook.

The SAGE Handbook of Human Geography, 2v Roger Lee 2014-02-22 "Superb! How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways." - Peter Dicken, University of Manchester "Stands out as an innovative and exciting contribution that exceeds the genre." - Sallie A. Marston, University of Arizona "Captures wonderfully the richness and complexity of the worlds that human beings inhabit... This is a stand-out among handbooks!" - Lily Kong, National University of Singapore "This wonderfully unconventional book demonstrates human geography's character and significance not by marching through traditional themes, but by presenting a set of geographical essays on basic ideas, practices, and concerns." - Alexander B. Murphy, University of Oregon "This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography ... essays that offer some profoundly original insights into what it means to engage geographically with the world." - Eric Sheppard, UCLA Published in association with the journal Progress in Human Geography, edited and written by the principal scholars in the discipline, this Handbook demonstrates the difference that thinking about the world geographically makes. Each section considers how human geography shapes the world, interrogates it, and intervenes in it. It includes a major retrospective and prospective introductory essay, with three substantive sections on: Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography - as well as an overview of human geography from the Editors. A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world, this Handbook is a rich and textured statement about the geographical imagination.

Flyfisher's Guide to Chesapeake Bay Ed Russell 2002 This is a book that long needed to be written. Fly fishermen have been enjoying their sport in the Chesapeake Bay for decades. Yet, until now, no one has given it a comprehensive treatment...Ed and Bill have put together a book that is well organized and packed with invaluable information for anyone who enjoys fly or light tackle fishing in the Chesapeake Bay. Croton Point Park: Westchester's Jewel on the Hudson Scott Craven and Caroline Ranald Craven 2022-08 Less than an hour by train from New York City... Croton Point Park encapsulates the history, beauty and promise of the Hudson Valley. The Westchester County Park encompasses miles of Hudson River shoreline with astonishing views and remnants of the region's past. Incredible shell mounds shed light on the Native peoples who inhabited the area generations prior to European colonization. The remains of the first commercial vineyards in the Northeast are just steps away from historic brickyards that helped build Manhattan. The Point served as a dumping ground for years until local efforts restored the park into a model of environmental conservation. Today, bald eagles have returned to nest alongside visitors exploring remarkable landmarks, sailing the waters of the Hudson or enjoying a scenic picnic. Authors Scott Craven and Caroline Ranald Craven present Westchester's crown jewel, Croton Point Park.
