*The Indian Subcontinent in Literature for Children
and Young Adults* Meena Khorana 1991 This
bibliography examines literature in English for
young people concerning the Indian subcontinent
and associated areas, including Bangladesh,
India, Nepal, Pakistan, and Sri Lanka. It presents

the perspectives of authors native to the region as well as non-native authors, and reflects the rich folklore and traditional culture of the subcontinent, its checkered history, and modern challenges. An introductory essay traces the development of children's literature in the region since 1947 and reviews major themes and trends in western children's literature about the subcontinent. The many entries are organized into chapters by country, which are then subdivided by genre. Further access is afforded by indexes of authors, illustrators, titles, and subjects. Annotations provide plot summary,

thematic analysis, and literary evaluation and also assess sensitivity to multicultural and international concerns.

Best Loved Folk Tales of India Pranab Chandra
Roy Choudhury 1999-08 India is a treasure-trove
of folktales born out of the customs and traditions
of the country. Sometimes these tales are retold
in its different regions, while imparting the local
flavour to them. The mobility of the folktales can
be attributed to the pilgrims and travellers
journeying from one part of the country to
another. They rested at night in dharamsalas or

inns, often attached to temples, where they
mingled among themselves and with the local
people. More often than not, folktales are passed
on from grandmother to grandchildren so vividly
that they are impressed in the listener's memory
forever. They are delightful and fascinating to the
young as well as the old. The same story even
when heard repeatedly does not lose its interest
as it appeals to the fantasies, the make-beliefs
and the primitiveness in us. These beautiful
folktales of India were on the verge of extinction
when a project of compilation of 21 volumes
consisting of folktales of different regions was

launched by Sterling. These folktales have been
gleaned from the larger collection.
